

CONSULTATION & PARTICIPATION

Stirling Developments have endeavoured to set new standards for the development industry by consulting and involving as many people as possible. We believe this is the foundation upon which to build a successful development

Numerous exhibitions, presentations and public consultations have provided us with a comprehensive understanding of the Local Communities needs

Continuous progress meetings with the Local Authority and official organisations as well as design workshops involving a cross section of representatives, has generated considerable debate and input in all aspects of the project

Calderwood Local Community Group

In order to consult on a more regular basis Stirling Developments established a Local Community Group Currently involving 8 local representatives, who will be kept up to date of all aspects of the project.

Your local representatives are:

Sheena Robertson (Community Council)
Ian Jackson (Community Council)
Mike Blackwood (Community Council)
Isobel Brydie (Lord Lieutenant)
Kenny Ireland (Raw Holdings)
Eddie Goodfellow (Gala Day Organiser)
Karen McBean (Camps / local employer)
Dr Ian McLeod (G.P)

Keep updated on all project details and news by visiting our web site. Any comments you may have would be much appreciated
